The Student Welfare and Discipline Policy of Yanderra Public School provides the programs, structures and support to ensure that all students achieve high standards of self-discipline, personal conduct and social responsibility.

Student Welfare encompasses everything the school community does to meet the needs of their students and to enhance their happiness and safety. It is reflected in the way we demonstrate care, ensure safety and provide opportunities for success and recognition of each student. The policies, procedures and programs of this school stress the value of prevention and early intervention.

This policy is to be read in conjunction with NSW Department of Education and Training: Student Welfare Policy Statement - 1986, and with the two companion documents: Student Welfare-Developing School Policies and Programs and Student Welfare-Developing and Maintaining Effective Discipline. It also encompasses the current NSW Department of Education and Training perspectives covering Aboriginal Education, Girls' Strategies, Boys' Education, Multicultural Education, Computer Education, Mass Media in Education and Anti-Racism Policy.

Rationale
Australian society accepts that parents and families have the prime responsibility for the welfare of their children. Yanderra Public School shares that responsibility with the general community and a range of the community's social institutions. In sending children to this school, parents/guardians rightly expect that the students will learn in a caring community concerned for their welfare.

Every staff member at Yanderra Public School has responsibility for student welfare.

AMBASSADOR PROGRAMS
One child is identified to represent the school at the Regional Ambassador for Public Education Day. This is done through student written nomination or by teacher nomination.

CHILD PROTECTION
Child Protection lessons are conducted across the school following NSW Department of Education and Training curriculum guidelines. The lesson content is based on the student's age and covers the areas of Recognising Abuse, Power in Relationships and Protective Strategies.

STUDENT AT RISK INTERVENTION PROGRAMS
Some students experience ongoing difficulties in the playground or classroom because of their inability to identify and follow school rules. This is not just the students whose inappropriate behaviour causes them to hurt or challenge other students, but includes those who are not able to form close or personal relationships. Some of these students may be timid and withdrawn, becoming isolated or excluded on the playground and to some extent in the classroom. The Learning Support Team considers a number of programs to support students who are at risk both on the playground and in the classroom. These include a set games area where children are encouraged to practise their social skills. Children who would benefit from a break from their home situation are referred to the Stewart House Program.

HSLO
The Home School Liaison Officer attends the school regularly and monitors children whose attendance is unsatisfactory. A school attendance process for all our students is adhered to by all staff, ie accurate roll marking, notification of children at risk.

POSITIVE BEHAVIOUR PROGRAMS
This program is for individual students with challenging behaviours and includes:
   a. Identification of students: classroom teachers or parents. These students are referred to the Learning Support Team for discussion.
   b. Observation strategies: where students may be observed in their classroom or the playground to determine the type of inappropriate behaviour they are exhibiting, and the triggers for this behaviour as well as the frequency of this behaviour.

TARGETED SOCIAL SKILLS
This in-school program has been developed to provide students who are experiencing difficulties both in the classroom and the playground. The program runs over 5 weeks and aims at providing students with knowledge, understanding and strategies to improve their behaviour.
LEARNING and SUPPORT TEACHER
The school has an allocated Learning and Support Teacher (LaST). This teacher provides support for targeted students, within the classroom and on a small group basis. The Learning Support Team develops a semester program which identifies students in need of specific support with their learning.

LEARNING AND SUPPORT FUNDING
Tied funds are provided for extra support as part of LaST program. Our funding is used to follow up students who did not reach benchmarks in both classroom programs and NAPLAN and provides extra tuition to these children in their area of need.

INTEGRATION SUPPORT
The school has a number of students with identified disabilities who have been allocated funding to support their learning. The funding is mainly used to employ School learning Support Officers within the classroom and playground, and also to provide teacher planning and training time.

HOME READING PROGRAMS
These are conducted by individual classroom teachers and are aimed at stimulating the desire of students to read at home to consolidate their skills. Books chosen are based on the needs of individual students. Books are based on an independent reading level (i.e. easy reading) for each child, to allow them to practise speed, fluency and phrasing. Comprehension is an important part of the program and parents are encouraged to ask questions that stimulate the students to recall the facts of the text, to infer what they think may be happening and to evaluate different aspects of the texts.

EXTENSION PROGRAMS
Extension activities include Performing Arts, School Concerts, Arts, Reading, Spelling Competitions, PSSA zone/regional trials.

NAPLAN FOLLOW UP
Each year the LaST teacher provides support for students who were identified through the NAPLAN as needing extra support. These students are identified by the Learning Support Team and have learning programs developed to support their needs.
STUDENT ACHIEVEMENT AWARD SYSTEM

Our Student Achievement Award System is designed to acknowledge and encourage each student in pursuit of personal excellence. This system operates in the classroom, on the playground and on the sporting field.

Student will receive recognition for a wide variety of reasons. These include:
- Making a valuable contribution to activities taking place within the school
- Displaying appropriate behaviour in the classroom and on the playground
- Diligence in class work and assignment work
- Valuable service in a particular area of the school
- Citizenship, displaying school values
- Following school rules

AWARDS
All awards are tended to by staff. It is the child's responsibility to post their awards. A tracking system ensures that all records are monitored at the following levels: Principals Awards and higher.

AWARD CELEBRATION
Each of the silver award recipients shares a morning or afternoon tea with the Principal each term. This is by invitation only and children receive a personal letter of congratulations.

Children need to present the last unstamped awards for trading.

Discipline System
Our purpose is to provide quality education and equitable welfare for all, within a supportive whole school community.

1. Quality Education
We will maintain high standards, provide opportunities for excellence and aim for personal bests in everything we do. We will continuously seek improvement as we move through recognisable stages of development.

2. Welfare For All
We will promote lifelong learning within a safe and harmonious environment which reflects our core values and Department of Education and Training policy.

3. Community
We will encourage a culture within Yanderra Public School where we will continue to be a welcoming school where emphasis is placed upon strengthening whole school partnerships.

STRATEGIES TO PROMOTE GOOD DISCIPLINE AND EFFECTIVE LEARNING
At Yanderra Public School, we encourage good discipline and effective learning by:

- Providing appropriate curriculum to meet the needs of each student
- Supporting children to achieve success in learning
- Having a small number of easily understood rules which are fair, clear and consistently applied
- Establishing classroom rules
- Providing programs that develop self-discipline, communication and conflict resolution skills and social instruction
- Providing opportunities for student participation and decision making
- Developing and implementing policies and procedures to protect the rights, safety and health of all community members
- Valuing and acknowledging differences
- Discussing with parents their role in promoting acceptable student behaviour

STRATEGIES FOR DEALING WITH UNACCEPTABLE BEHAVIOUR
Positive reinforcement of student achievement and behaviour is one of the basic principles of the Yanderra Public School Student Welfare Policy. However, there will be times when adverse consequences will need to be applied particularly when injury or disruption to others and their property is involved. When serious breaches of discipline occur, parents will be involved in developing strategies to address the issue.

Classroom: The class teacher is, in the first instance, responsible for classroom behaviour. The following strategies are not meant to replace a teacher’s own management procedure, but to provide a support for teachers when and if they feel they require support and the behaviour warrants it.

1.) Non Verbal Cue
2.) First Warning: issued to student exhibiting undesirable/inappropriate behaviour
3.) Second Warning: issued if behaviour continues and indicates timeout in own classroom.
4.) Third Warning: Time Out in other classroom, Yellow slip (referral to Principal). This slip is retained for records. Students who display continued poor classroom behaviour may be placed on a level. Parents are notified of this.

Playground
- The supervising teacher on playground duty is to carry the Playground bag and is to record undesirable/inappropriate behaviour. Depending on the severity of the offence, the child will walk with the teacher for timeout and this behaviour must be recorded on the blue slip. If the behaviour is violent...
or dangerous, the teacher on duty will send for principal immediately. The student will be removed from the playground. An emergency card is kept in the Playground bag.

➢ All incidents are logged on the blue slip. This allows the Principal to monitor students’ behaviour on the playground and ensures that where possible all infringements of school rules are documented. The Principal decides whether or not a student attends Reflection room and/or is placed on a level. Students with a blue slip will be entered onto a Data Record at the Principal’s discretion. Incidents will be dealt with as per flow chart.

REFLECTION ROOM

➢ All reflection sessions will be decided by the Principal based on the school discipline code and DET guidelines. Students who have their names recorded or receive a blue slip, for disobeying school rules will have their names entered onto a Data Record. These students will usually go to the reflection Room to discuss their behaviour and to be cautioned about the consequences of continued inappropriate behaviour. While at Reflection Room, the students will complete a Reflection Room Sheet appropriate to their age and ability. This sheet is retained.
➢ The Principal will contact the student’s parents via a formal letter informing them of their child’s inappropriate behaviour and consequences. This letter is saved with the Data Records.

TARGETTED SOCIAL SKILLS

Students who are identified as being at risk, due to their continued inappropriate behaviour on the playground, may be nominated for inclusion in a Targeted Social Skills Program (See Student at Risk Intervention Programs).

SCRIPTURE

➢ All students who attend scripture are expected to display appropriate behaviour.
➢ Classes needing extra support or requested by scripture teacher will be supervised by class teachers.
➢ If a student chooses not to act appropriately, they are withdrawn from the group and sit with the supervising teacher. A letter of apology is written and given to the scripture teacher the next week.
➢ If inappropriate behaviour continues, parents will be contacted to discuss the matter further.

EXCURSION SAFETY

➢ Students who put their own, staff and other students’ safety in jeopardy will be monitored before major excursions, special events or PSSA sports. This system will allow the Principal and the Learning Support Team to make informed decisions about the WHS issues of taking these students off the school premises for excursions, special events or PSSA Sport. In some cases this will mean that a student may not be allowed to go. This process is called the Excursion Safety.

EXCURSION SAFETY PROCESS:
(Refer to Excursion policy guideline No.8 &9, point 10.1 and 7.1)

1. Discussion of suitability of student attendance when discussing the excursion.
2. Child’s parents notified that they will be going through this process by class teacher.
3. Child will be referred to LST by class teacher, within a suitable timeframe so that LST have time to assess and manage the risk.
4. LST complete a risk assessment and a management plan to minimise the potential of harm for staff, students and community.
5. Principal and staff to determine student attendance.
6. Parents notified of result.
SPECIAL EXCURSIONS
➢ If an event is deemed to be a special excursion this must be indicated on the excursion note and agreed upon by the Principal. This is a privileged event and therefore any child wishing to attend must not have reached level 3 in that year. This will be reviewed by the school Principal and is at the Principal’s discretion. If the event occurs in semester 1 the previous year’s levels will be considered.

SUSPENSION, EXCLUSION AND EXPULSION FROM SCHOOL
➢ All students and teachers have the right to be treated fairly and with dignity, in an environment free from disruption, intimidation, harassment and discrimination. To achieve this, Yanderra Public School will maintain high standards of student behaviour. Extreme levels of unacceptable behaviour may result in suspension, exclusion or expulsion.
➢ The Principal will suspend, consistent with the procedures set by the Department of Education and Training, “Procedures for the Suspension and Expulsion of School Students”.
➢ Suspension means that students are not allowed to return to school for a period of time. The purpose of suspension is to allow students time to think about and accept responsibility for what they have done. It also gives the school time to make plans to improve the student’s behaviour. This task is more effective when parents or caregivers work with the school to help solve the problem. Principals may impose a short suspension of up to and including four school days or a long suspension of up to and including twenty school days.
➢ One of the features of the Departmental policy is procedural fairness, which includes access to an appeals process against individual suspension or expulsion.
➢ Yanderra Public School works in partnership with parents in assisting the student to rejoin the school community. This includes the provision of counselling and access to special behaviour programs. As long as the behaviour is unacceptable, the student’s continued enrolment will be in jeopardy.

➢ When Practicum teachers are at the school, they must have a trained teacher in attendance for the whole time they are practising their teaching. They are to do playground duty with their supervising teacher but cannot be solely responsible for students during this time.

HOMEWORK POLICY
➢ Refer to Homework policy
Anti Bullying

**DEFINITION:**
Bullying is the willful, conscious desire to hurt, threaten or frighten another person. Bullying can include physical aggression, verbal harassment as well as indirect actions such as excluding others from activities, damaging a person's property or spreading malicious rumours.

**Bullying behaviour** can be:
- **Verbal** e.g. name calling, teasing, abuse, put-downs, sarcasm, insults, threats
- **Physical** e.g. hitting, punching, kicking, scratching, spitting.
- **Social** e.g. ignoring, excluding, alienating, making inappropriate gestures.
- **Psychological** e.g. spreading rumours, dirty looks, hiding or damaging possessions, inappropriate use of electronic media (SMS, facebook and social networking sites and emails)

Bullying is not tolerated in NSW government schools. Bullying must be taken seriously and is not acceptable in any form. Students have the right to expect that they will spend the school day free from the fear of bullying, harassment and intimidation.

Teachers, students, parents, caregivers and members of the wider school community have a responsibility to work together to address bullying.

**Yanderra Public School** will provide a positive culture where bullying is not accepted, and in so doing, all will have the right of respect from others, the right to learn or to teach, and the right to feel safe and secure in their school environment.

**AIMS:**
- To reinforce within the school community what bullying is, and the fact that it is unacceptable.
- To be alert to the signs and evidence of bullying and display responsibility by reporting it to staff whether as an observer or victim.
- To ensure that all reported incidents of bullying are followed up appropriately and that support is given to both victims and perpetrators.
- To seek parental and peer group support and cooperation at all times.

**STRATEGIES FOR IMPLEMENTATION:**
- Parents, teachers, students and the community will be aware of the school's position on bullying.
- Clarify at the start of each year the school's policy on anti-bullying.
- Provide school community with anti-bullying brochure and regularly place information in the newsletter.
- Provide programs that promote resilience, life and social skills, assertiveness, conflict resolution and problem solving as part of Personal Development KLA.
- Teachers and Principal regularly remind students and staff to report incidents of bullying.
- Model positive ways of resolving conflict, eg working co-operatively within the classroom/playground
- Public recognition and reward for positive behaviour and resolution of problems.
- Training of one staff member as Anti Racists Contact Officer (ARCO).
- Parents encouraged to contact the school if they become aware of a problem.
- Prompt investigation and action for bullying incidents.
- Development of a register of bullying incidents to track offenders.
INTERVENTION AND PROCEDURES:

1. Once identified, each bully, victim and witness will be spoken with, and all incidents or allegations of bullying will be fully investigated and documented.
2. Students and staff identified by others will be informed of allegations.
3. Both bullies and victims will be offered counselling and support.
4. If student bullying persists, parents will be contacted and consequences implemented consistent with the school Welfare and Discipline Policy.
5. If staff bullying persists, the Principal will commence formal disciplinary action.
6. Consequences for students will be individually based and may involve:
   - Exclusion from class
   - Exclusion from the playground
   - School suspension
   - Withdrawal of privileges
   - Ongoing counselling from appropriate agency for both bully and victim.

Incidents relating to bullying will be recorded. Actions taken to address the incident will be noted. A review of bullying incidents will occur at the end of each term in order to identify if additional resources or support are needed.

### ANTI-BULLYING Plan : If bullying occurs:

#### ADVICE TO BE GIVEN TO STUDENTS WHO ARE BEING BULLIED

The student should be encouraged to -

- **Tell the bully to stop.** State quite clearly that the behaviour is unwelcome and offensive.
- **Seek help.** Talk about the experience to someone who is trustworthy (Student Counsellor, teacher, parent, peer).
- **Report the bullying to a member of staff** and feel confident that any incident can be resolved satisfactorily.
- **Complete a Bully report sheet.**

Other ‘self protective’ strategies that might be suggested include:

- Staying away from the bully, or places where bullying occurs.
- Be with friendly, supportive friends.

#### ADVICE TO BE GIVEN TO STUDENTS WHO KNOW SOMEONE ELSE IS BEING BULLIED

Students should be made aware that early intervention can defuse conflict situations before bullying sets in or gets out of hand.

Therefore, the following suggestions should be made:

- If possible, intervene as the bullying occurs by telling the bully to stop. This is very useful if the onlooking student has influence with the bully.
- Refuse to join in with the bullying.
- Support students who are being bullied - just standing by them can be enough.
- Tell an adult if you are concerned about the bullying.
- It is every student’s right and responsibility to report bullying whether it happens to oneself or to someone else.

#### THE ROLE OF STAFF

Teachers to regularly remind students to report incidents. Reporting is not dobbing.

If a student reports bullying, or you witness bullying incidents yourself, you will:

1. **Listen** and acknowledge the seriousness of the report no matter how trivial it may first appear.
2. **Refer the incident** via the School Bullying Record sheet to the Assistant Principal or Principal.
3. **Follow up** with suggested playground or classroom programs if appropriate.

#### THE ROLE OF PARENTS

The following suggestions are made to parents through print materials and at Parent Information meetings.

1. **Take** an active interest in your child’s social life and in what is happening at school.
2. **Encourage** your child to bring friends home and to accept and tolerate differences in others.
3. **Build** your child’s self-confidence by recognising and affirming his positive qualities and by valuing him.
4. **Discuss** with your child the school’s expectations about behaviour and ways to respond if his/her rights are infringed.
5. **Encourage** constructive responses: physical bullying or persistent teasing should be reported, hitting back or retaliating with name-calling won’t solve the problem.
6. **Set** an example: be firm, but not aggressive in setting behaviour limits, be positive in what you say/do.
7. **Be alert** for signs of distress: unwillingness to attend school, dropping off in academic performance, damaged clothing and frequent loss of personal property, loss of confidence and uncharacteristic mood changes and withdrawal from social activities.
8. **ACT**: If your child is being bullied at school, report it to a teacher, or the Principal.

Your report will be followed up.
